Description:

Titles in the Live and Learn series take a child's point of view--especially the view of children who either suffer from some physical challenge or

lack self-confidence in going about their everyday activities. This book describes challenges that hearing-impaired children face, and how one child overcomes them to live a normal, happy life. This attractively illustrated picture storybook series encourages kids to understand themselves and overcome problems that have troubled them. Following each story are four pages of suggested activities that relate to the book's theme. A final two-page section offers advice to parents. Live and Learn titles are available in both English and Spanish language editions. This is a Spanish language title.
